

# Speedy medicine

A presentation for Impact2050 Hackathon

Reporter: Teemo Club

# Company Profile

- We are Speedy Medicine, located at Araneta Center Cubao. Pioneered by Zachary Guiuan II, Joanne Ruelo, Jorge Jeck Sumanting, Maria Kristela Curameng, Jonnel Manozo.

## Company Objective

- To provide good services in terms of delivering medicine to consumers.
- Protect the information gathered from the customers.

## Vision

- To be recognized globally as one of the best service medicine provider.

## Mission

- To deliver quality medicine to customers while protecting the confidentiality of their personal information.

1

## Advantages

- ✓ Can be incorporated into pre-existing business models like Tagcash
- ✓ Saves time and increases productivity
- ✓ A person can order for medicine online without the need to walk to the drug store
- ✓ Fast shipping and door to door delivery

# 2

## Disadvantages

- ✓ Outsourced by delivery platforms(e.g. Lalamove) that have a wider scope when it comes to delivery type

# 3

## Marketing Viability

- ✓ Providing a on-the-go medicine for those people who are sick or alone and have no time to purchase the medicine
- ✓ Conventional for the customer to purchase medicine using our platform
- ✓ Supplier will provide the medicine, so the enterprise will act as intermiadiate.

MEDICAL

# Thank You
